TALVIEW

Recruitment Strategies for Changing Times

Maintain business continuity with Remote & Safe Hiring from Talview

IT and ITes organizations are facing unprecedented challenges owing to the current COVID-19 outbreak. Businesses around the world have moved operations online and enabled work from home, while a slew of events/bulk/campus hiring drives and on-premise interviews that are crucial for business continuity has been put on hold. Navigating these hiring challenges is the need of the hour.

Why Invest?

With proctored assessments, AI-enabled and Live Video interviews, Talview's remote hiring kit can help you:

- Scale your recruitment process online quickly

- Enhance Candidate experience with mobile first approach

- Strictly adhere to global Data Compliance & Data security policies
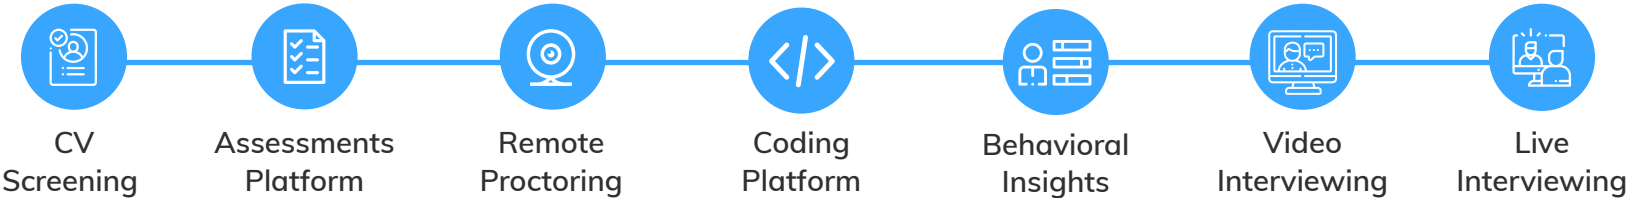

- Easily integrate with your ATS/HRMS

- Build a digital recruitment solution, which is sustainable beyond COVID 19

- Design your digital recruitment roadmap to be prepared for a post-pandemic scaleup

The **Talview** Story

Remote • **Automate** • **Reuse**

Launched in 2017, Talview's AI-powered Instahiring Experience Platform is the most efficient way to hire for global enterprise organizations. Our platform is equipped with natural language processing and ethical AI technology to help organizations source, screen, shortlist, and interview candidates quickly and efficiently. Our chatbot, video interviewing, and assessment solutions empower organizations to hire high-quality candidates anytime, anywhere. With our 100% mobile experience, you'll be able to automate routine tasks, nurture talent pools, and integrate data seamlessly into your ATS and LMS to help HR leaders focus on selecting the best candidates.
