

Talview Proctoring Solution

Simpler, More Secure
Exam Proctoring

Democratize Learning for All

Today's exam and certification process is complex, manual, and primarily in person. You spend more time on the process of scheduling, authenticating test takers, finding qualified proctors, and preventing malpractice than you do on talent outcomes, growth, and development.

The Talview Proctoring Solution **orchestrates everything you need to proctor** low to high stakes tests, assessments, and certifications online. With Talview's AI-powered remote and live proctoring solution, you'll simplify how you authenticate, invigilate, and credential learners, while ensuring the integrity, security, and compliance of your entire process.

From the testing center to the office to the home, Talview helps you **easily and effectively automate, assess, and authenticate the proctoring process from any device.**

"People are really using this opportunity at home to get certified in a variety of things. So, we've been very positively impacted by using Talview [Proctoring Solution] and we're very happy with the service."

Treana Tomiak-Sicard

Program Assistant,
Thunder Bay District Health Unit,
Ontario, Canada

Reimagine Exam Proctoring with Talview

Nearly 1 in 5 test takers assume that they can cheat on unproctored exams.* Automate and scale your operations with our end-to-end, AI-powered Talview Proctoring Solution. Free up your staff to focus on what matters most – the development and growth of learners everywhere.

Humanize Test Taking

Built with the test taker in mind, we designed the Talview Proctoring Solution for mobile, while protecting the data and privacy of test takers.

Lauren
The Learner

Authenticate

With any iOS or Android device, Lauren logs into the system and walks through the authentication process: face, voice, and ID checks; 360-environment check. This can be done automatically or with a live proctor.

Active Intervention

Live proctors can chat with her and other test takers to provide guidance or prompt the learner on unauthorized activity during the exam.

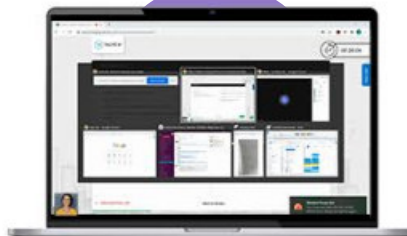

Invite

Lauren receives an email to take a test via a LMS, assessment provider, or Talview.

Detect

Warns Lauren for moving away from the camera, accessing functionality secured by Talview Secure Browser, or other unauthorized actions.

Complete Test

Lauren successfully completes the test.

Benefits of Talview Proctoring Solution

Reimagine, humanize, and democratize learning and growth for all individuals. Talview is the one partner you can trust to unify your proctoring processes to enable all talent to reach their fullest potential.

Safeguard test taker data and privacy as we maintain the utmost data integrity by complying with global industry practices, as well as rigorous process for vetting and training all our live proctors.

Protect content and exam integrity with multiple layers of authentication and fraud detection, watermarking, and locked-down exam browsers.

Expand and scale your operations by managing all the online proctoring steps and expanding your reach with our remote and automated proctoring solution.

Easily integrate with test engines and LMSs with our plug-and-play capabilities. Integrate with any application (such as Microsoft Teams), website session, LMS (e.g. Moodle, Canvas, Google Classroom), or test engine that requires proctoring.

Partner with a world-class support and services team to ensure a smooth implementation and achieve your business results.

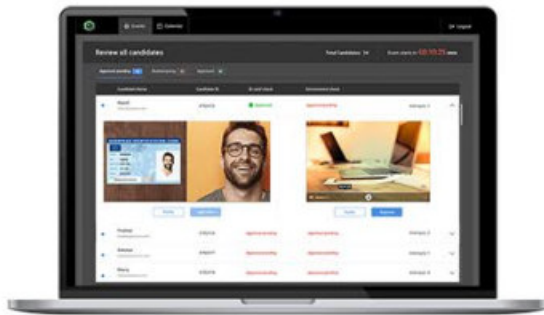

“[Talview Proctoring Solution] not only allows candidates to take the assessments safely at their homes, but also ensures that test security is not compromised. We are happy to partner with Talview to continue providing the remote assessment options for our candidates.”

End-to-End Proctoring Solution

Talview Automated Proctoring

Automate the entire remote proctoring process. Authenticate, monitor, and credential candidates and learners anywhere, anytime from a single solution.

Talview Live Remote Proctoring

Combine the power of remote proctoring with highly trained proctors to authenticate test takers, monitor exams, intervene and more.

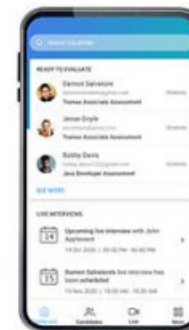

Talview Record and Review

A fully automated, AI-enabled application that records the exam and test taker's behaviors. Afterwards, a professional proctor reviews all events flags, certifies the exam, and authenticates test takers.

Talview Secure Browser

Create a secure test environment that controls what functionality test takers can access, such as screen recording, app switching, website browsing, and more.

Talview Candidate & Recruit Mobile Apps

Candidates easily take assessments and pre-record video responses to interview or assessment questions, while your recruiters screen, assess, interview, evaluate, and hire the best candidates.
